## What are voluntary benefits?

Sometimes called "supplemental insurance," voluntary benefits are policies you buy to add to the health and life insurance your employer may already provide. These benefits can help you pay for things your other insurance won't, such as lost wages, out-of-pocket expenses and household bills.

## Advantages

## Flexibility

Use claim payments however you like – pay deductibles, co-payments and other expenses not covered by your health or life insurance

**Portability** Take coverage with you if you leave your job or retire

## Stability

Maintain coverage whether or not you're employed

## Convenience

Pay premiums using your choice of payroll deduction, bank draft or direct billing

Advantages may not apply to all products. See your Colonial Life benefits counselor for complete details.

## **Critical Illness Insurance**

# You can't predict an illness, but you can be prepared

No matter where you are in life, you never know when you or a loved one could have a sudden illness. Fortunately, medical advancements and early detection are helping many people survive critical illnesses.

These technologies and tests can lead to increased medical expenses. With health insurance only covering some of these costs, an unexpected illness could make it difficult for you to pay your regular monthly bills, such as housing, utilities and child care.

Critical illness insurance from Colonial Life helps supplement your major medical coverage by providing a lump-sum benefit you can use to pay the direct and indirect costs related to a covered critical illness.

For more information, talk with your benefits counselor.

## **Specified Critical Illness Insurance**

If you're diagnosed with a covered critical illness, specified critical illness insurance from Colonial Life can help with your expenses, so you can concentrate on what's most important – your treatment, care and recovery.

## Face amount: \$\_\_\_\_\_

## Critical illness benefit

For the diagnosis of this covered critical illness condition: <sup>1</sup>	This percentage of the face amount is payable:
Heart attack (myocardial infarction)	100%
Stroke	100%
End-stage renal (kidney) failure	100%
Major organ failure	100%
Permanent paralysis due to a covered accident	100%
Coma	100%
Blindness	100%
Occupational infectious HIV or occupational infectious hepatitis B, C or D	100%
Coronary artery bypass graft surgery/disease <sup>2</sup>	25%

The maximum benefit amount for this policy is 3x the face amount for the named insured for all covered persons combined. The policy will terminate when the maximum benefit amount for specified critical illness has been paid.

## Subsequent diagnosis of a different critical illness<sup>3</sup>

If you receive a benefit for a specified critical illness, and later you are diagnosed with a different specified critical illness, the original percentage of the face amount is payable for that particular specified critical illness.

## Subsequent diagnosis of the same critical illness<sup>3</sup>

If you receive a benefit for a specified critical illness, and later you are diagnosed with the same specified critical illness, 25% of the original face amount is payable. Critical illness conditions that do not qualify are: coronary artery bypass graft surgery/disease<sup>2</sup> and occupational infectious HIV or occupational infectious hepatitis B, C or D.

## Hospital Indemnity Insurance

# How will you pay for what your health insurance won't cover?

No matter how well you plan, you can't predict when sudden medical expenses could impact your way of life. Health insurance helps, but it doesn't cover everything. For instance, the average family has more than \$4,500 in out-of-pocket medical costs each year.<sup>1</sup>

If you're admitted to the hospital for a covered accident or covered sickness, Medical Bridge,<sup>™</sup> Colonial Life & Accident Insurance Company's hospital indemnity insurance, could help pay for out-of-pocket expenses, such as deductibles, co-payments and other expenses. It's coverage that can help protect what you've worked so hard to build.

# Nearly one in four working-age Americans say they have past-due medical debt.<sup>2</sup>

## ADDITIONAL COVERAGE OPTIONS (CONTINUED)

## Accidental death benefit rider

The beneficiary may receive an additional benefit if the covered person dies as a result of an accident before age 70. The benefit doubles if the accidental bodily injury occurs while riding as a fare-paying passenger using public transportation, such as ride-sharing services. An additional 25% will be payable if the injury is sustained while driving or riding in a private passenger vehicle and wearing a seatbelt.

## Chronic care accelerated death benefit rider

If a licensed health care practitioner certifies that you have a chronic illness, you may receive an advance on all or a portion of the death benefit, available in a one-time lump sum or monthly payments.<sup>2</sup> A chronic illness means you require substantial supervision due to a severe cognitive impairment or you may be unable to perform at least two of the six Activities of Daily Living (bathing, continence, dressing, eating, toileting and transferring). Premiums are waived during the benefit period.

## Critical illness accelerated death benefit rider

If you suffer a heart attack (myocardial infarction), stroke or end-stage renal (kidney) failure, a \$5,000 benefit is payable.<sup>2</sup> A subsequent diagnosis benefit is included.

## Guaranteed purchase option rider

This rider allows you to purchase additional whole life coverage – without having to answer health questions – at three different points in the future. The rider may only be added if you are age 50 or younger when you purchase the policy. You may purchase up to your initial face amount, not to exceed a total combined maximum of \$100,000 for all options.

## Waiver of premium benefit rider

Premiums are waived (for the policy and riders) if you become totally disabled before the policy anniversary following your 65th birthday and you satisfy the six-month elimination period. Once you are no longer disabled, premium payments will resume.

- 1. Accessing the accumulated cash value reduces the death benefit by the amount accessed, unless the loan is repaid. Cash value will be reduced by any outstanding loans against the policy.
- 2. Any payout would reduce the death benefit. Benefits may be taxable as income. Individuals should consult with their legal or tax counsel when deciding to apply for accelerated benefits.

EXCLUSIONS AND LIMITATIONS: If the insured dies by suicide, whether sane or insane, within two years (one year in ND) from the coverage effective date or the date of reinstatement, we will not pay the death benefit. We will terminate this policy and return the premiums paid without interest, minus any loans and loan interest to you.

## Accident Insurance

## Accidents can happen to anyone

No matter who you are, what you do or where you live, you could get hurt accidentally. It's just the nature of life.

And accidents can come with costs, such as emergency room fees, doctor's bills, and the costs of missing work. Even if you have good health insurance, deductibles and co-pays can really add up after an accident. Would you have savings available to pay these costs?

But with accident insurance, you can receive money paid directly to you to help with all the expenses of a covered accident. So you can focus on what really matters: healing.

## Colonial I

## **OUR COVERAGE INCLUDES:**

- Benefits payable directly to you
- No medical questions to qualify for coverage
- Coverage for simple and complex injuries
- Benefits payable, regardless of other insurance
- Worldwide coverage
- Keep coverage no matter where you go
- Works alongside your health savings account (HSA)

## All of this can help you get back on your feet.

## Accident Insurance **Basic Plan**

You never expect an accident to happen. But if it does, your focus should be on recovery - not medical bills. Colonial Life accident insurance can help cover medical costs. Whether the accident is as simple as a cut hand from a fall or as complex as a car accident, you can count on us to support you.

## Is your paycheck protected?

It's important to be financially prepared for the future. That's why you have insurance for your house, your car and your health. But if you're like many Americans, you don't have insurance for the one thing you use to pay for these expenses — your paycheck.

If an accident or illness prevented you from earning an income, how would you pay for your everyday expenses? You never know how long a disability could last, so it's important to have a backup plan.

Colonial Life's disability insurance can help protect your way of life by providing a monthly benefit for a covered disability.

## No matter where you are in life, a disability could prevent you from earning an income
